Figur D.33.7 Creep specimen III (short-time)

Figur D.33.8 Creep specimen III (long-time)

Test 33

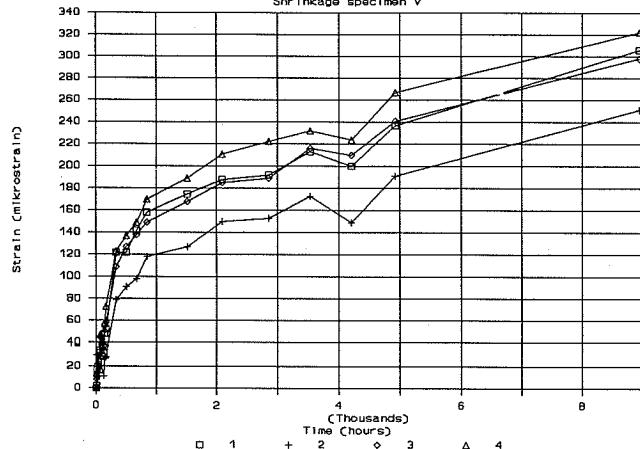

Shrinkage specimen IV

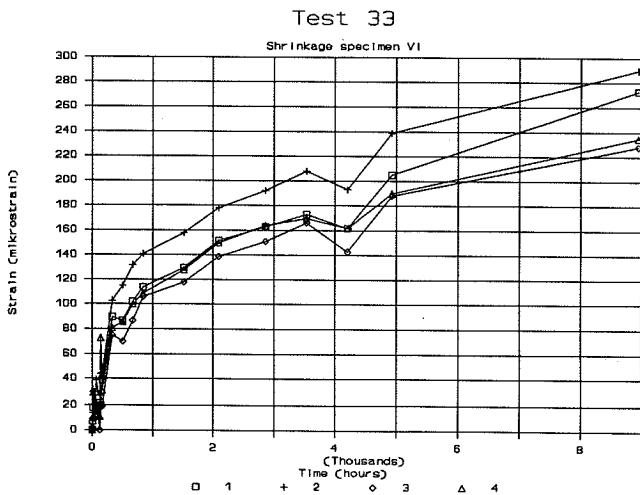

Figur D.33.9 Shrinkage specimen IV (long-time)

Test 33

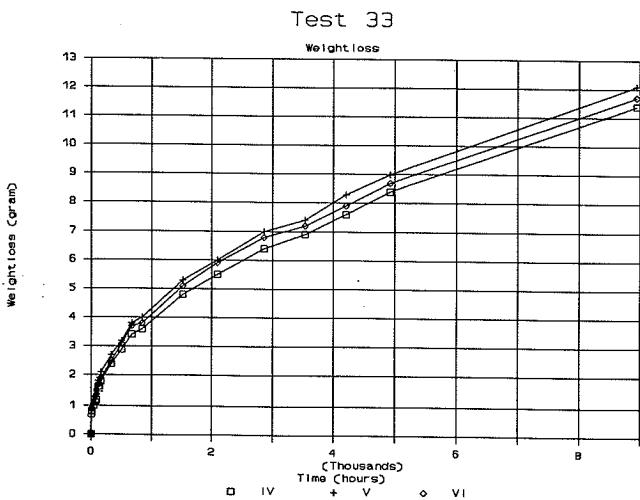

Shrinkage specimen V

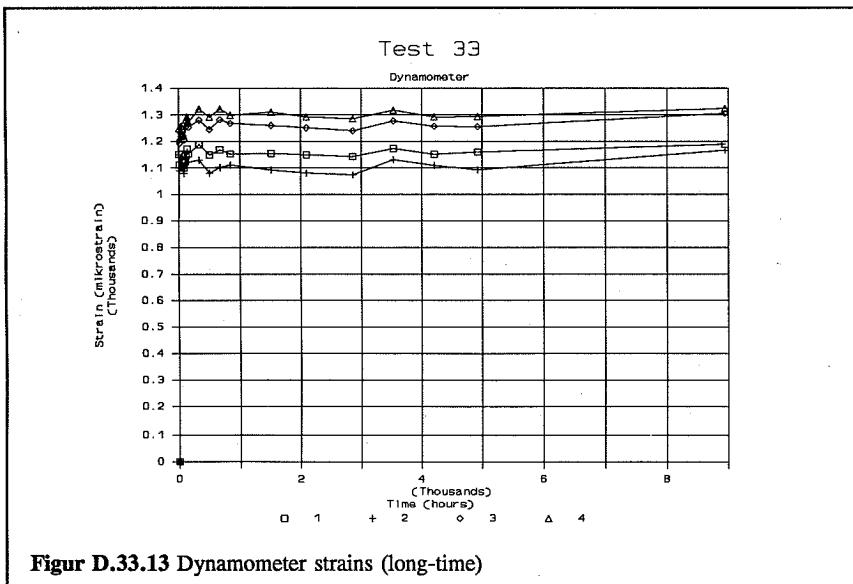

Figur D.33.10 Shrinkage specimen V (long-time)

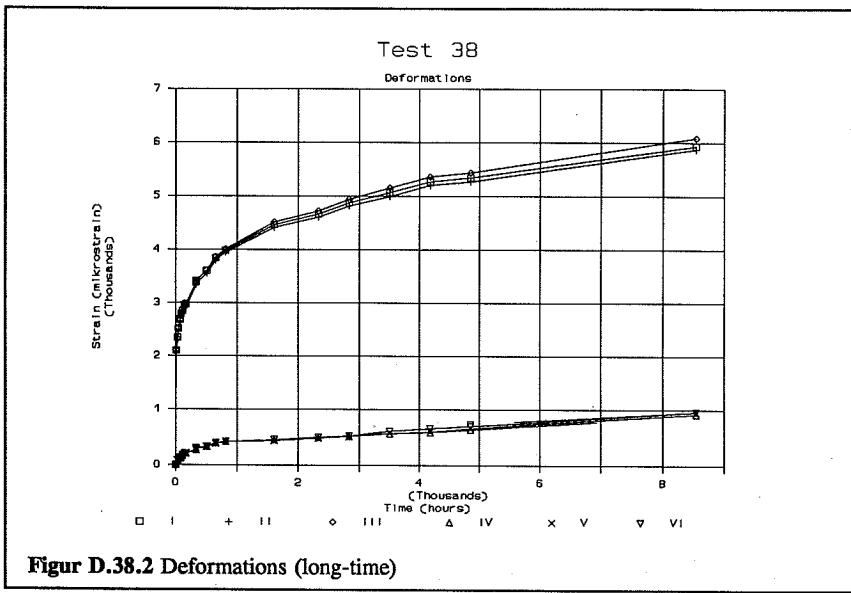

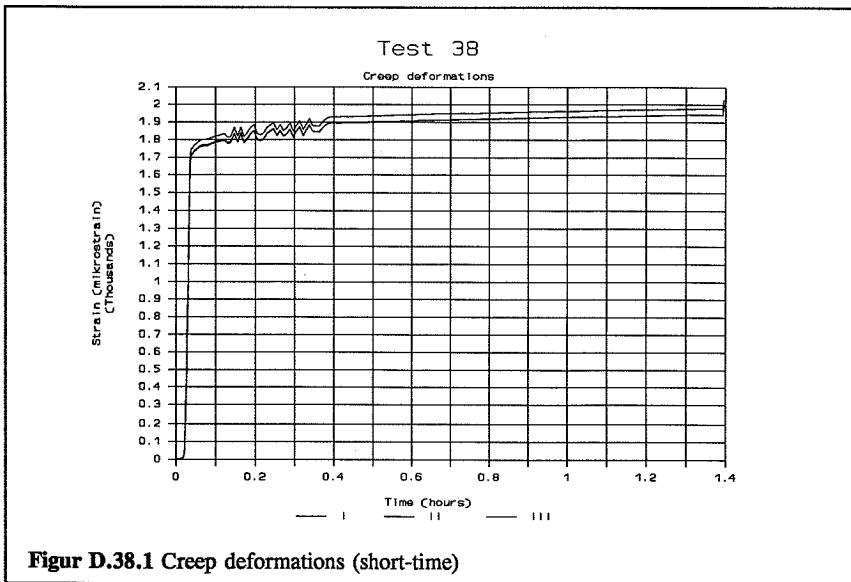

Figur D.33.11 Shrinkage specimen VI (long-time)

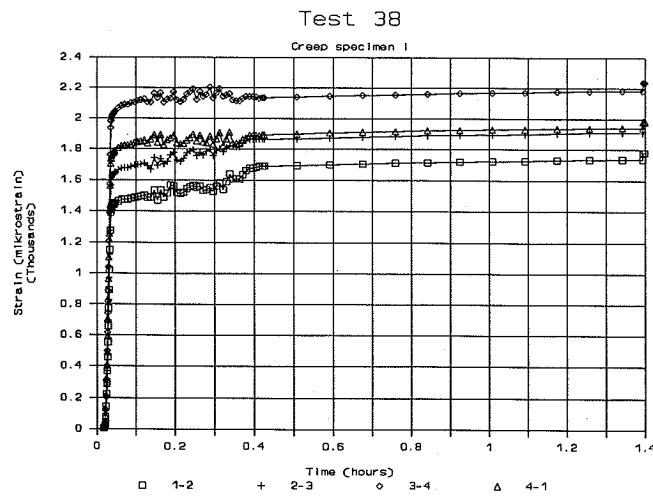

Figur D.33.12 Weight loss of shrinkage specimens (long-time)

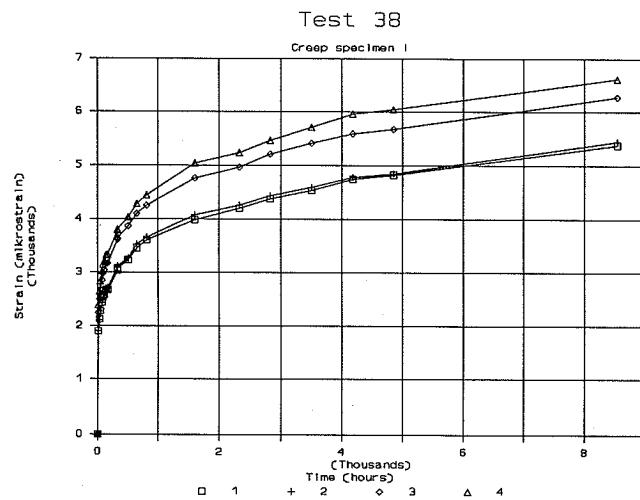

Figur D.33.13 Dynamometer strains (long-time)

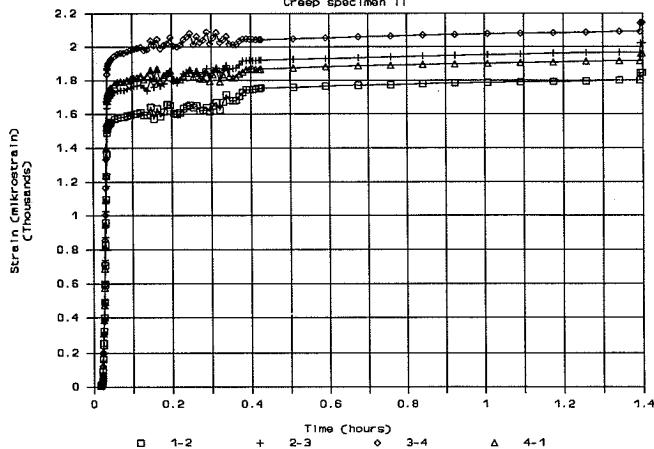

Figur D.38.3 Creep specimen I (short-time)

Figur D.38.4 Creep specimen I (long-time)

Test 38

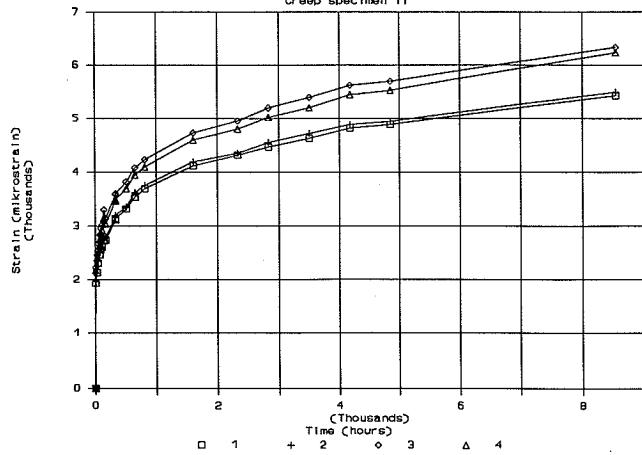

Creep specimen II

Figur D.38.5 Creep specimen II (short-time)

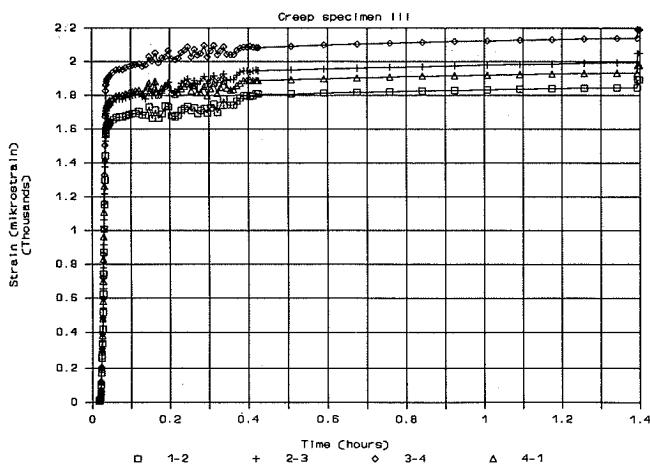

Test 38

Creep specimen II

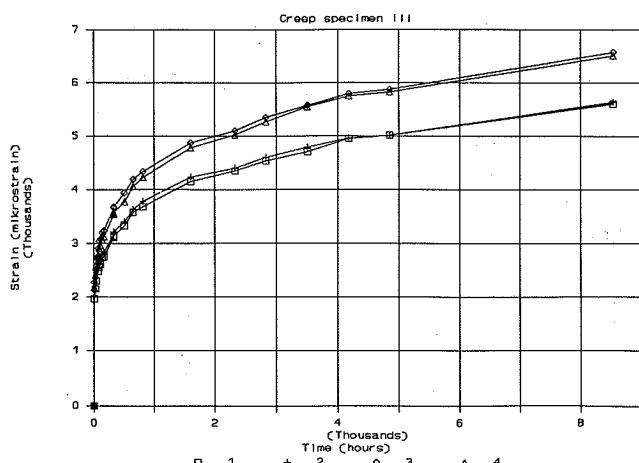

Figur D.38.6 Creep specimen II (long-time)

Test 38

Figur D.38.7 Creep specimen III (short-time)

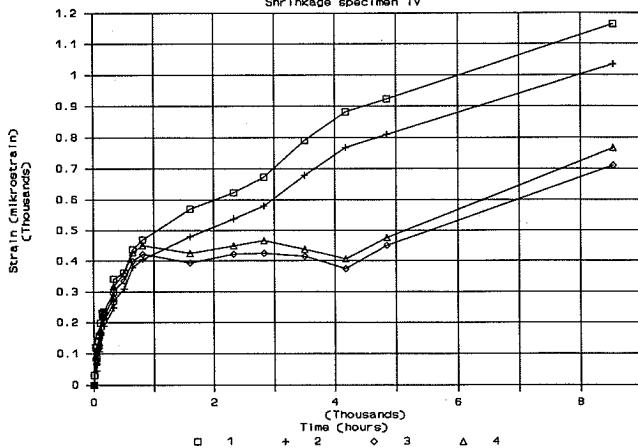

Test 38

Figur D.38.8 Creep specimen III (long-time)

Test 38

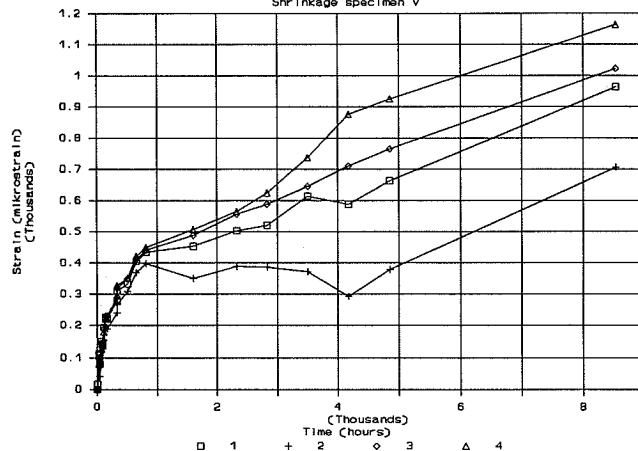

Shrinkage specimen IV

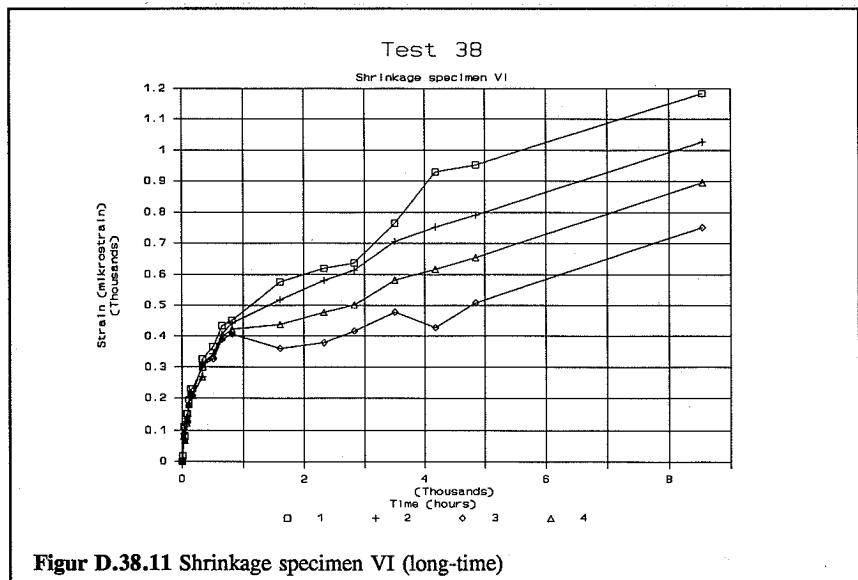

Figur D.38.9 Shrinkage specimen IV (long-time)

Test 38

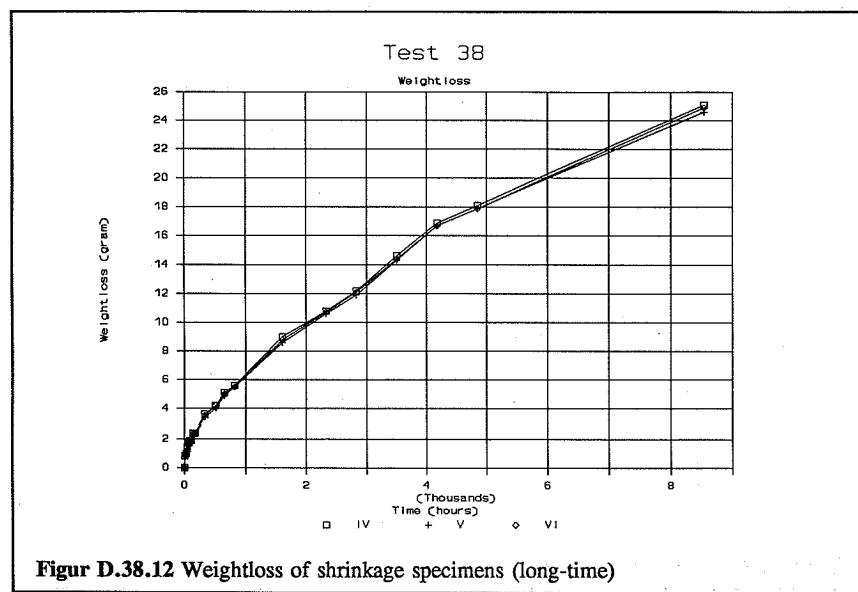

Shrinkage specimen V

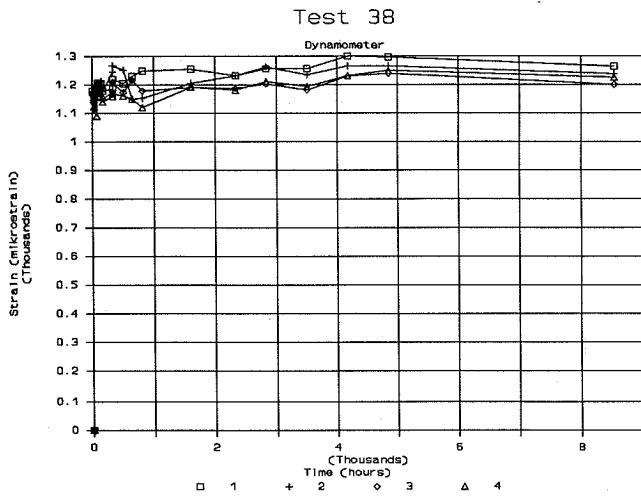

Figur D.38.10 Shrinkage specimen V (long-time)

Figur D.38.11 Shrinkage specimen VI (long-time)

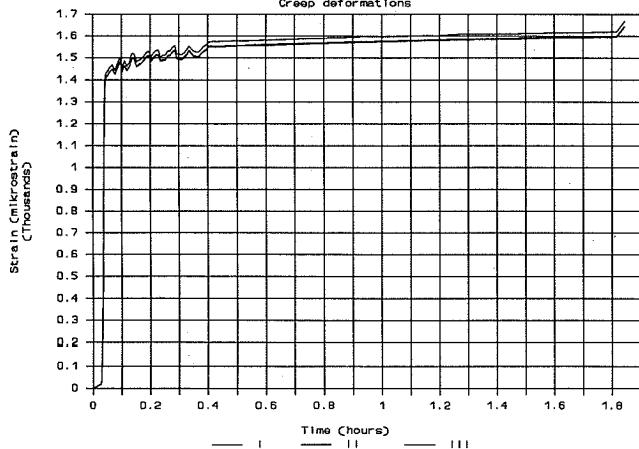

Figur D.38.12 Weightloss of shrinkage specimens (long-time)

Figur D.38.13 Dynamometer strains (long-time)

Test 39

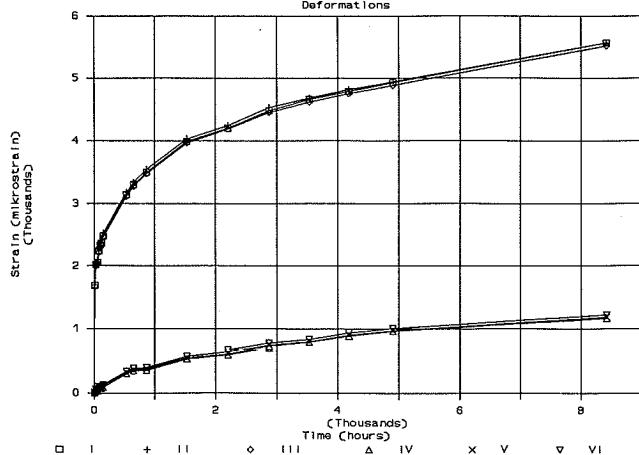

Creep deformations

Figur D.39.1 Creep deformations (short-time)

Test 39

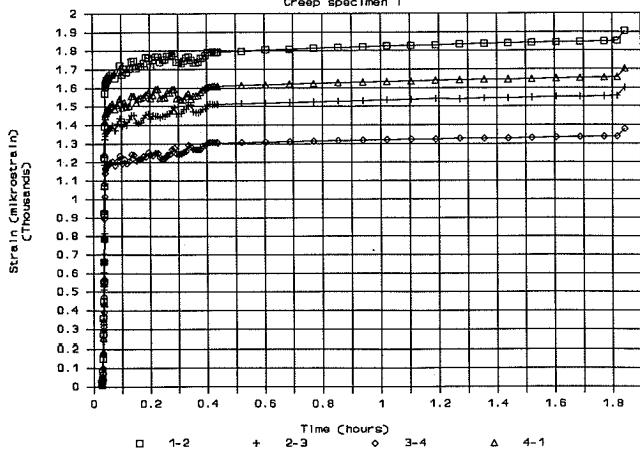

Deformations

Figur D.39.2 Deformations (long-time)

Test 39

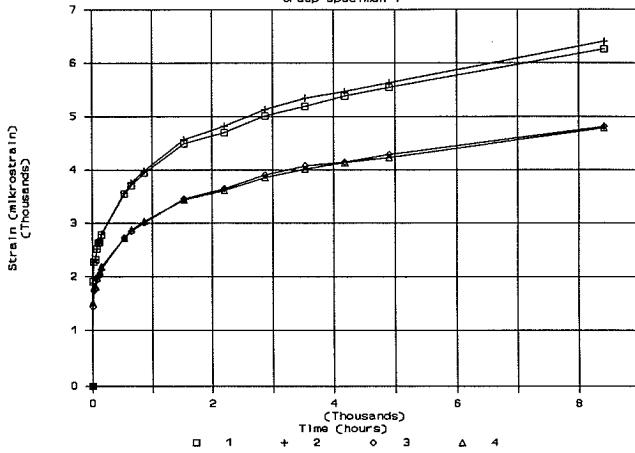

Creep specimen I

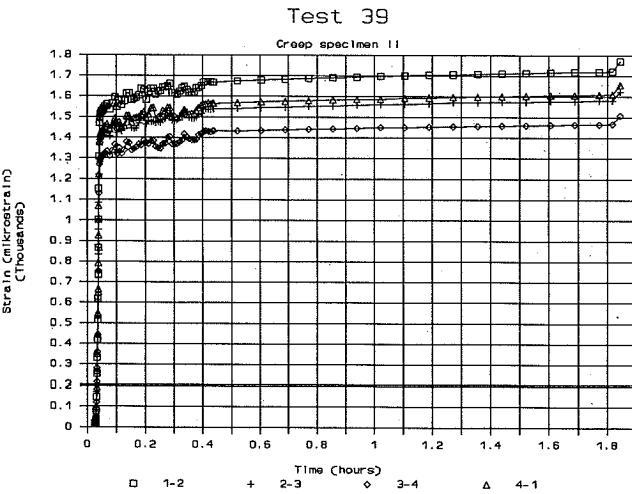

Figur D.39.3 Creep specimen I (short-time)

Test 39

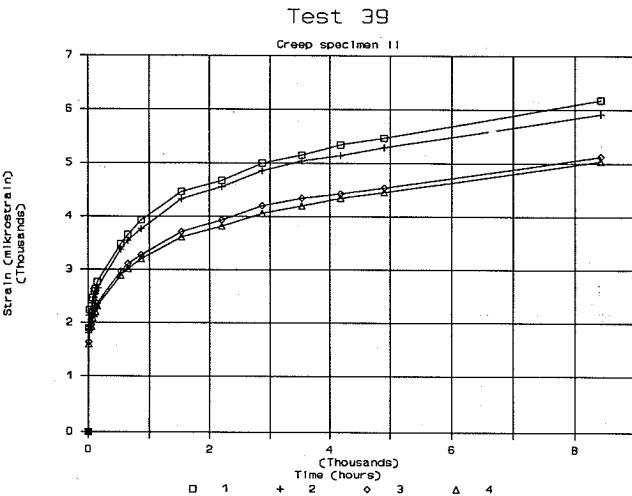

Creep specimen I

Figur D.39.4 Creep specimen I (long-time)

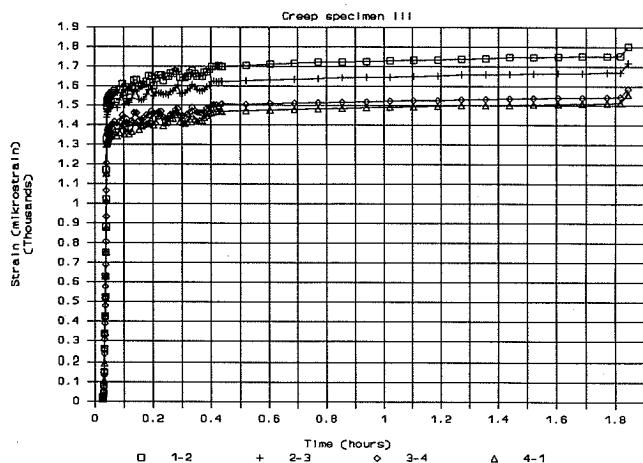

Figur D.39.5 Creep specimen II (short-time)

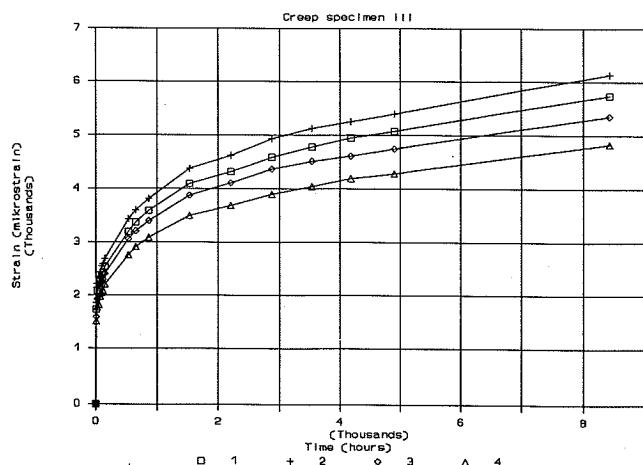

Figur D.39.6 Creep specimen II (long-time)

Test 39

Figur D.39.7 Creep specimen III (short-time)

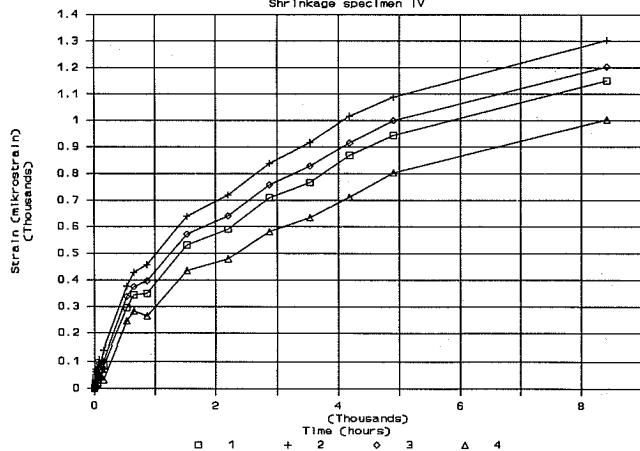

Test 39

Figur D.39.8 Creep specimen III (long-time)

Test 39

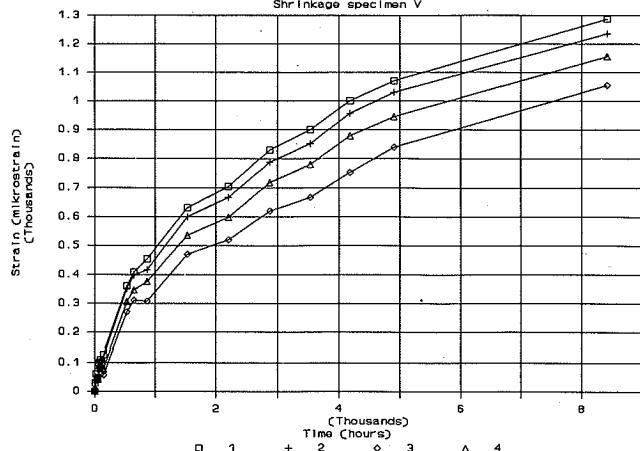

Shrinkage specimen IV

Figur D.39.9 Shrinkage specimen IV (long-time)

Test 39

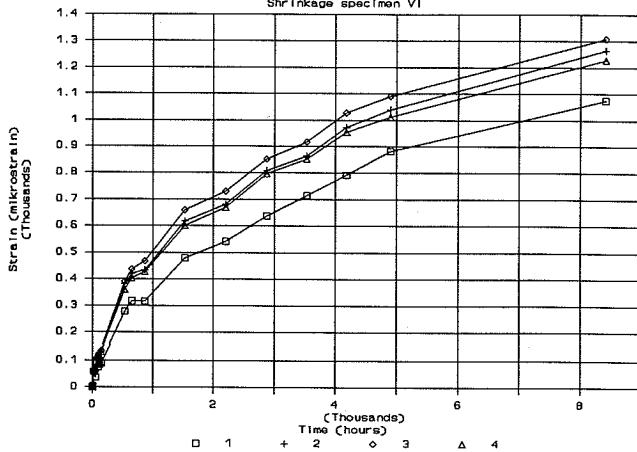

Shrinkage specimen V

Figur D.39.10 Shrinkage specimen V (long-time)

Test 39

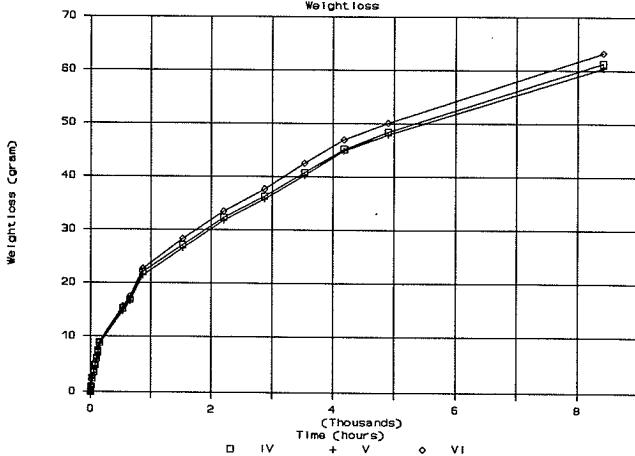

Shrinkage specimen VI

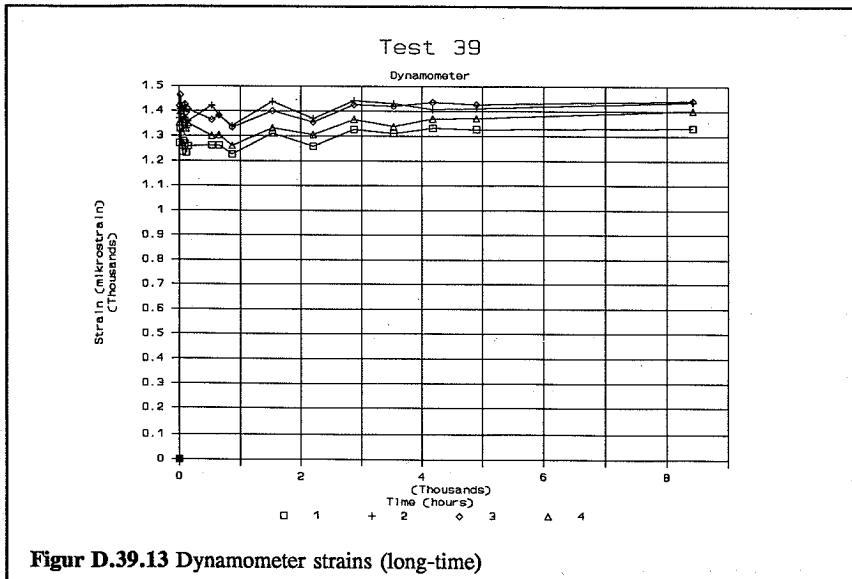

Figur D.39.11 Shrinkage specimen VI (long-time)

Test 39

Weight loss

Figur D.39.12 Weightloss of shrinkage specimens (long-time)

Figur D.39.13 Dynamometer strains (long-time)

AFDELINGEN FOR BÆRENDE KONSTRUKTIONER
DANMARKS TEKNISKE HØJSKOLE

Department of Structural Engineering
Technical University of Denmark, DK-2800 Lyngby

Abonnement 1.7.1992 – 30.6.1993 kr. 130,-
Subscription rate 1.7.1992 – 30.6.1993 D.Kr. 130.-.

Hvis De ikke allerede modtager Afdelingens resumeoversigt ved udgivelsen, kan Afdelingen tilbyde at tilsende næste års resumeoversigt, når den udgives, dersom De udfylder og returnerer nedenstående kupon.

Returneres til
Afdelingen for Bærende Konstruktioner
Danmarks tekniske Højskole
Bygning 118
2800 Lyngby

Fremtidig tilsendelse af resumeoversigter udbedres af
(bedes udfyldt med blokbogstaver):

Stilling og navn:

Adresse:

Postnr. og -distrikt:

The Department has pleasure in offering to send you a next year's list of summaries, free of charge. If you do not already receive it upon publication, kindly complete and return the coupon below.

To be returned to:

Department of Structural Engineering
Technical University of Denmark
Building 118
DK-2800 Lyngby, Denmark.

The undersigned wishes to receive the Department's
List of Summaries:

(Please complete in block letters)
